## 2020-21 Season Highlights

(subject to change)

How do you do something as big as a circus when you're only one person? Andrew Silver explores the concept of perseverance when faced with the daunting task of presenting a full circus show all by himself.

Two digital grand pianos are center-stage with a team of outrageously talented pianists who seem to know every song ever written. It's all request and you or your friends might even get called up for a bit of good humored fun.

It's been said that the Beatles had over 10,000 hours of experience playing together before they came to America. Come and be transported back in time and see what it was like at hour 9998 with Studio Two: The Beatles Before America.

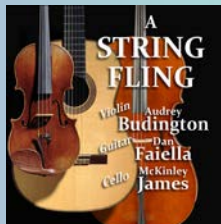

Following the release of his double-CD tribute, "Kites to Fly: Celebrating the Music of Dan Fogelberg," Don Campbell has been touring the country presenting concerts of Dan Fogelberg's songs. His performances are endorsed by The Fogelberg Foundation of Peoria.

With great harmonies, the ROCKIN' DADDIOS are known to include audience participation along with their stage antics.

This is a fun group of guys! Their songs include melodies from the 50's and 60's.

Three superb NH home-grown players join forces for an evening of sublime musical enjoyment. Audrey Budington on fiddle, Dan Faiella on guitar, and McKinley James on cello.

has also appeared on New Hampshire Chronical, NHPR, and in the pages of New Hampshire magazine. Good clean fun!

Enjoy an evening of Yankee comedy, tales, and music from the most famous citizen of Frost Heaves, Fred Marple. Creator and performer Ken Sheldon
